

A Proposal to the Membership of Subud PNW, July 2026

submitted by Fayra Teeters

Proposal:

SICA is in dire needs of receiving regular donations from Subud organizations throughout the USA.

We currently have no "spare change", which means no money to fund Project Grant requests, which is one of the mandates of our organization.

Subud Los Angeles donates \$200/month; Seattle donates \$100/month (when they can); the Rocky Mountain Region donates \$25/month.

Would it be possible for Subud Pacific NW to consider donating \$50- \$ 100 per month?

Since SICA-USA is registered within the State of Washington, it seems proper that Pacific NW also participate in sustaining SICA's far-reaching efforts to perpetuate Subud Culture within the USA.

All of us on the SICA-USA Board would be eternally grateful for your support!
